Do you have deductible medical expenses that approach 7.5% of your AGI? If so, premiums paid for a qualified LTC insurance policy can be included with other unreimbursed medical expenses (\$470 up to age 40, \$880 up to age 50, \$1,760 up to age 60, \$4,710 up to age 70, \$5,880 over age 70). If you are age 62 or over and want to remain in your primary residence, a reverse mortgage could provide a lump sum or monthly payment, or a line of credit to fund LTC costs. 		
Do you need to gather your medical history in order to complete your application? If so, be sure to collect full and accurate records in order to provide truthful information.		
Do you have an existing permanent life insurance policy or non-qualified annuity that no longer fits within your financial plan? If so, consider whether a 1035 exchange could offer a tax-free transition to a more suitable product.
